DIPLOMA IN AUTOMOTIVE MAINTENANCE TECHNOLOGY

INTRODUCTION

Diploma in Automotive Maintenance Technology (DAMT) is a comprehensive programme designed to equip students with the technical expertise, hands-on skills, and professional competencies required in today's rapidly evolving automotive industry. Through a structured blend of theoretical knowledge and practical workshop training, this programme prepares students to diagnose, maintain, and repair modern vehicle systems with confidence and precision. With a balanced combination of discipline-specific modules, common core subjects, and compulsory language and soft-skill components, Diploma in Automotive Maintenance Technology offers a strong foundation for students aspiring to become skilled automotive technicians, maintenance specialists, or future industry innovators.
